OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 13 December 1972

25X1

1. [] Met with Robert Blum, Senate Foreign Relations Committee Research Assistant, and gave him a copy of "World Oil 1971 Facts and Figures" which he requested yesterday. Blum told me that in his new work with oil he will be needing other materials which he has been told are within the province of the Agency. He also asked whether determination has been made with regard to declassification and release of the OSS documents that he had selected for declassification some weeks ago. I told him that I hoped we would have a final determination within the next 24 hours. Blum reiterated that he is now getting calls from the Committee front office in the nature of hourly checks. I thanked him and told him I would call him as soon as possible.

2. [] I picked up from the Senate Interior and Insular Affairs Committee the two map charts that were left for Senator Jackson's use. I talked later with William Van Ness, Chief Counsel of the Committee, who apologized for his absence during the day and said that there is no hurry per se on the Palistinian figures requested by Senator Jackson. I told him that I would get them to him personally tomorrow or Friday.
